

Günter Krasser

Professional Development	2018	Vice President & Managing Director Infineon Technologies Romania R&D centers with 500+ engineers in Romania developing semiconductor solutions for Automotive, Industrial and Security Applications
	2013	Head of Marketing Infineon Technologies AG, Munich Head of product categories Tire Pressure Monitoring Systems and Automotive Radar Systems Head of marketing with reporting functions Product Marketing, Technical Marketing, Program Management (roadmap, business development, demand, revenue, profitability)
	2011	Head of Program Management Infineon Technologies Austria AG, Graz Head of program management for development of Automotive Radar Sensors , Tire Pressure Sensors , Remote Keyless Entry Solutions and 3D-Camera Sensors Leading a team of Program and Project Managers across several R&D locations in Europe
	2007	Head of R&D Department Infineon Technologies Romania, Bucharest Established an R&D department for the development of Integrated Magnetic and Pressure Sensors, starting on greenfield
	2005	Manager of Development Team Infineon Technologies Austria AG, Graz Managed a team designing microelectronic circuits for short range wireless communication
	2003	Program Manager Infineon Technologies Austria AG, Graz Managed the development of a new generation of short range wireless communications receivers used for remote keys keyless entry applications (car access)
	2001	Project Manager Infineon Technologies Austria AG, Graz Managed the development of a short range wireless communications receiver
	1999	RF Design Engineer Infineon Technologies Austria AG, Graz Developed integrated radio frequency circuits for short range wireless applications
	1998	Master Thesis Siemens Microelectronic Design Center, Graz Integrated radio frequency circuits for wireless applications

University Degree	MSc in Telematics (Communication Technology, Electronics & Computer Science) Graz University of Technology
Nationality	Austrian
Others	Member of Board of Directors of Romanian-German Chamber of Commerce (since 2020)
